AAKRUTI™ was founded in the year 2016 in an extremely competitive business of stainless-steel utensils and kitchen products; with an enthusiastic passion and a clear vision to grow and to achieve a renowned position in the world of stainless-steel utensils business.

At **AAKRUTI** we take great efforts to serve the best quality products to our customers. Describing the great efforts, we at **AAKRUTI** planted our own manufacturing unit in a very short span of time and used the best grade S.S. Raw Materials for our production; which not only provided us superior quality products but also provided us a sharp cutting edge over our competitors. We took great efforts to understand customer needs and quickly decided to move up the chain as a wholesaler and then into the manufacturing unit.

AAKRUTI is a synonym of great quality & service with its high standards of designs, value and most importantly the commitment given to its customers to meet their needs. The legacy of brand and creativity is being taken forwarded every single day by our whole team with all the efforts to give the best in time service and thinking about the customers to deliver the value for their hard-earned money. Looking into the future; we have now dived into developing premium kitchenware products for Indian as well as the Export Market. We highly believe in trust building and honesty at all stages of work done.

आकृति™ की स्थापना वर्ष 2016 में स्टेनलेस-स्टील के बर्तनों और रसोई उत्पादों के अत्यंत प्रतिस्पर्धी व्यवसाय में की गई थी; एक उत्साही जुनून और एक स्पष्ट दृष्टि के साथ बढ़ने और स्टेनलेस स्टील के बर्तन व्यवसाय की दुनिया में एक प्रसिद्ध स्थान हासिल करने के लिए।

आकृति में हम अपने ग्राहकों को सर्वोत्तम गुणवत्ता वाले उत्पाद प्रदान करने के लिए बहुत प्रयास करते हैं। महान प्रयासों का वर्णन करते हुए, हमने **आकृति** में बहुत कम समय में अपनी खुद की निर्माण इकाई लगाई और अपने उत्पादन के लिए सर्वोत्तम ग्रेड S.S.RAW सामग्री का उपयोग किया; जिसने हमें न केवल बेहतर गुणवत्ता वाले उत्पाद प्रदान किए बल्कि हमें अपने प्रतिस्पर्धियों पर एक तेज बढ़त भी प्रदान की। हमने ग्राहकों की जरूरतों को समझने के लिए बहुत प्रयास किए और जल्दी से एक थोक व्यापारी के रूप में और फिर निर्माण इकाई में श्रृंखला को आगे बढ़ाने का फैसला किया।

आकृति अपने उच्च मानकों के डिजाइन, मूल्य और सबसे महत्वपूर्ण रूप से अपने ग्राहकों को उनकी जरूरतों को पूरा करने के लिए दी गई प्रतिबद्धता के साथ महान गुणवत्ता और सेवा का पर्याय है। ब्रांड और रचनात्मकता की विरासत को हमारी पूरी टीम द्वारा हर दिन आगे बढ़ाया जा रहा है, जिसमें ग्राहकों को उनकी मेहनत की कमाई का मूल्य देने के लिए समय पर सेवा देने और ग्राहकों के बारे में सोचने के सभी प्रयास किए जा रहे हैं।

भविष्य में देख रहे हैं; अब हम भारतीय के साथ-साथ निर्यात बाजार के लिए प्रीमियम बरतन उत्पादों को विकसित करने में जुट गए हैं।

हम काम के सभी चरणों में विश्वास निर्माण और ईमानदारी में अत्यधिक विश्वास करते हैं।
